

2-YEAR PROGRAMS

A New and Different Approach to Vocational Education and Training

As the Vocational School, we have a unique approach towards education. We plan to give an education based on the needs of contemporary business world with the aid of the university. We aim to train our students to be qualified individuals who are accepted in their relevant fields.

PRINCIPLES OF EDUCATION

Education in Business World

We enhance the quality of vocational training with the help of sectorial cooperation. Business world is now closer to our students. Our students have the opportunity to practice their knowledge on the job.

Innovative and International Curriculum

The curriculum of the programs is created in accordance with the contributions of the sectorial representatives and Bologna Process. The credits are based on European Credit Transfer System.

Qualified Individuals on Their Fields

The aim is to educate qualified individuals. These individuals will use modern technology, produce the needs of the contemporary knowledge; they will be sociable and demanded because of their technical and artistic abilities.

Modern Campuses

With Kandilli Campus in Üsküdar and Haliç Campus in Golden Horn, we offer our students a peaceful and modern education and living area.

We appreciate success: Scholarships

We offer full, half price and other kinds of scholarships to successful students.

The First and Only Fine Arts Department in Vocational Schools

Combining the power of history with the contemporary knowledge and technology, Fine Arts Department in Vocational Schools have the privilege to be the first and only vocational school in Turkey and will fill the void of vocational training.
